# O nama

## About us

### Srpski

Kompak In je porodična proizvodna firma iz Indije, specijalizovana za proizvodnju i distribuciju polietilenskih folija, vreća, džakova, termoskupljajućih folija i ambalažnih rešenja po meri kupca. Proizvodnja se obavlja u sopstvenom proizvodno-skladišnom objektu, uz direktnu kontrolu procesa, kvaliteta i isporuke.

### English

Kompak In is a family-owned Serbian manufacturing company specialized in the production and distribution of polyethylene films, bags, sacks, shrink films and customized packaging solutions. Production is carried out in-house at the company's own manufacturing and storage facility, with direct control of process, quality and delivery.

### Lokacija / Location

Dalmatinska 30, 22320 Indija, Serbia

### Delatnost / Activity

2222 - proizvodnja ambalaže od plastike / plastic packaging production

### Vlasnik / Owner

Milan Komazec

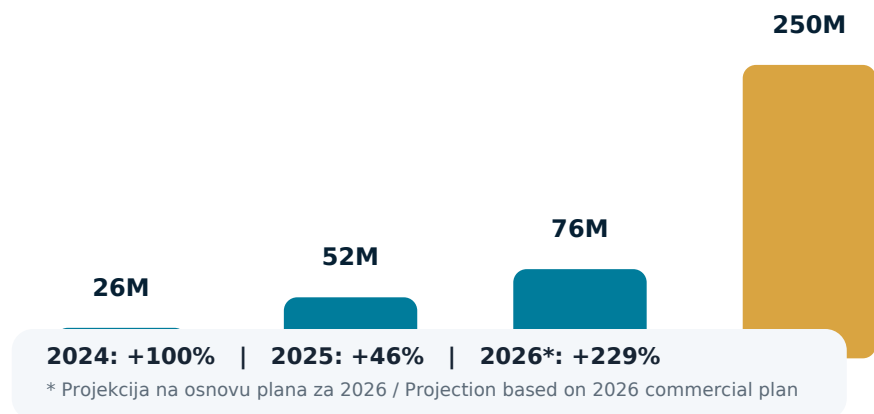

### Proizvodnja / Production

Ekstruzija, reljefiranje, konfencioniranje, sečenje, pakovanje i interna kontrola / extrusion, embossing, converting, cutting, packing and internal QC

instalirani potencijal  
installed potential

**1.500 m<sup>2</sup>**

proizvodni prostor  
production area

Precizna proizvodnja, praktična kontrola procesa i fleksibilno podešavanje dimenzija prema zahtevu kupca. / Precise production, practical process control and flexible dimension setup according to customer requirements.

# Asortiman proizvoda

## Product portfolio

**1** **LDPE / HDPE folije**  
LDPE / HDPE films

**2** **PE vreće i džakovi**  
PE bags and sacks

**3** **Ambalaža za prehrambenu industriju**  
Food-contact packaging

**4** **Vreće za lodne i E2 gajbe**  
Crate and E2 box liners

**5** **Termoskupljajuće folije i haube**  
Shrink films and pallet hoods

**6** **Industrijski džakovi velikih dimenzija**  
Large-size industrial sacks

**7** **Perforirani proizvodi na rolni**  
Perforated roll products

**8** **Reljefne / teksturirane PE folije**  
Embossed / textured PE films

**9** **Folije za gume i industrijske procese**  
Films for tyre and industrial processes

**10** **Rešenja po meri kupca**  
Custom packaging solutions

Naš pristup je tehnički i komercijalno praktičan: dimenzije, debljina, boja, pakovanje, rolne, perforacija i dokumentacija definišu se prema realnim potrebama kupca. / Our approach is technical and commercially practical: dimensions, thickness, color, packing, rolls, perforation and documentation are defined according to the customer's actual needs.

# Prehrambena i industrijska primena

Food and industrial applications

## Prehrambena industrija

Food sector

**SR** Ambalaža za proizvode i procese gde su važni čistoća, stabilan kvalitet, sledljivost i uredna dokumentacija. Za relevantne proizvode pripremamo tehničke listove, izjave o usklađenosti i migracione testove.

**EN** Packaging for products and processes where cleanliness, consistent quality, traceability and complete documentation are important. For relevant products, we prepare technical data sheets, declarations of conformity and migration test reports.

## Industrijska primena

Industrial applications

**SR** Vreće, džakovi, folije i specijalna rešenja za proizvodnju, logistiku, zaštitu proizvoda, paletizaciju, automatsko pakovanje i industrijske procese.

**EN** Bags, sacks, films and specialized solutions for production, logistics, product protection, palletizing, automatic packaging and industrial processes.

**Pouzdanost isporuke**

Reliable supply

**Stabilan kvalitet**

Consistent quality

**Dokumentacija**

Documentation

**Izrada po meri**

Custom production

# Standardi i usklađenost

## Standards and compliance
